Scheduled Run

This menu allows you to specify the users authorized to schedule a report run. [See scheduling dedicated page.](#)

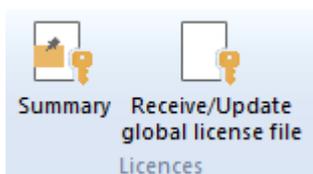

- The top part allows you to enter the default user.
 - The button Check Login tests that the combination user / password is correct.

- The bottom part allows you to enter the other authorized users.
 - The    buttons allow you to respectively add, modify or delete one of the Other Users.
 - The button Check Login tests that the combination user / password is correct.

Licence

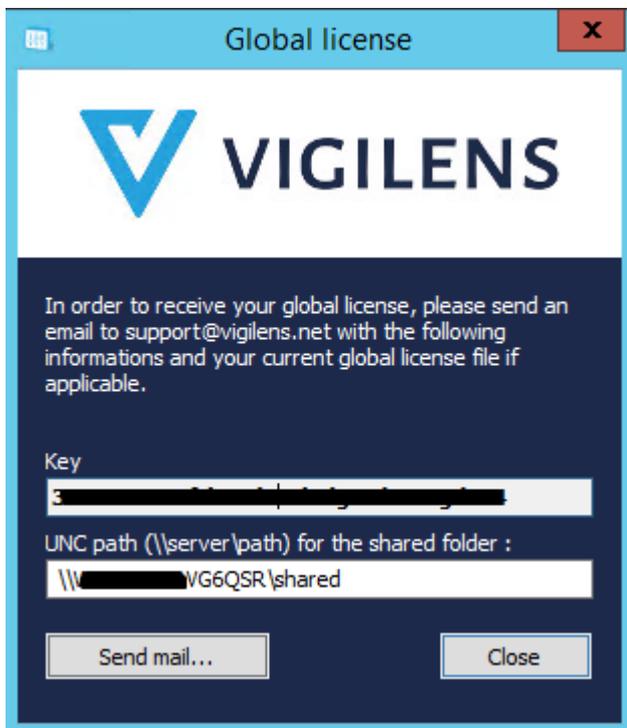

Manage and review your licence informations.

Summary

Viewing the contents of the license files "LicenseGen.evs" and "LicenseGen.dat".

Receive/update global license file

A dialog box specifying the key corresponding to your global license is displayed. Enter the UNC path corresponding to your shared directory and send this information to the following address **support@vigilens.net**.

You can use the button Send a mail... if a mail client is installed on the computer or if the information corresponding to the mail settings (see mail setup).).

Otherwise you can copy the key by copy/paste to avoid typing errors.

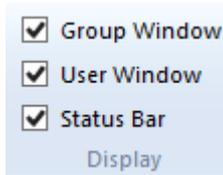

You will receive in return the files "LicenseGen.evs" and "LicenseGen.dat" that you will have to put in the shared directory.

Edit

Classical edit menu

Display

Check boxes allow you to hide/show panels or status bar.

The screenshot shows the AdminTool application window. The top menu bar includes 'ADMINTOOL', 'Home', 'Management', 'Data', and 'About'. Below the menu is a toolbar with icons for 'Application', 'EnterpriseOne / OneWorld', 'Vigilens', 'Scheduled Run', 'Summary', 'Licences', 'Receive/Update global license file', 'Edit', and 'Display'. The 'Display' section of the toolbar has three checked checkboxes: 'Group Window', 'User Window', and 'Status Bar'. The main content area is split into two panels: 'Group Management' on the left and 'User Management' on the right. The 'Group Management' panel shows a tree view with a selected 'URL_WEB_USERS' group. The 'User Management' panel shows a table of users.
