

Personalization Menu

Parameterization

Database

This screen is the same as [AdminTool](#), except that it has an **Import** button while the [AdminTool](#) has a **Share** button.

When you click on the **Import** button, a dialog box asks which data source must be imported.

. It is possible to secure this part. See [Restrictions](#)

Help Box

Global

The number of result files is the blue number in brackets in the [query panel](#).

Color

Set User

The user language is configured on this screen, among other things.

Information window

This is where you can customize the panel [Overview](#).

The screenshot displays the Vigilens Designer application. The top menu bar includes 'VIGILENS DESIGNER', 'Accueil', 'Personnalisation', and 'Requête'. Below the menu is a toolbar with icons for 'Executer', 'Imprimer', 'Historique', 'Renommer', 'Supprimer', 'Fichiers incorporés', 'Requêtes liées', 'Fichiers de résultats', 'Copier', and 'Coller'. The main interface is divided into three panes. The left pane shows a tree view of folders and queries, with 'Commande - Détail' selected. The bottom-left pane shows a list of 'Modèles de requêtes'. The right pane, titled 'Commande - Détail', contains configuration details for the selected query, including its source, time-out, creation/modification dates, and lists for 'Tables utilisées', 'Jointures entre les tables', 'liste des champs à visualiser', 'Critères de tri des enregistrements', and 'liste des ruptures'.
