Parameterization

Database

This screen is the same as [AdminTool](#), except that it has an Import button while the [AdminTool](#) has a Share button.

The Import button lets you automatically retrieve the definition of a previously shared data source.

When you click on the Import button, a dialog box asks which data source must be imported.

. It is possible to secure this part. See [Restrictions](#)

Help Box

Global

The number of result files is the blue number in brackets in the [query panel](#).

Color

Set User

The user language is configured on this screen, among other things.

Information panel

This is where you can customize the panel [Overview](#).
