# Home > Import Menu

- When importing, the first screen asks for an environment. It is from this environment that the structures of the objects will be read.
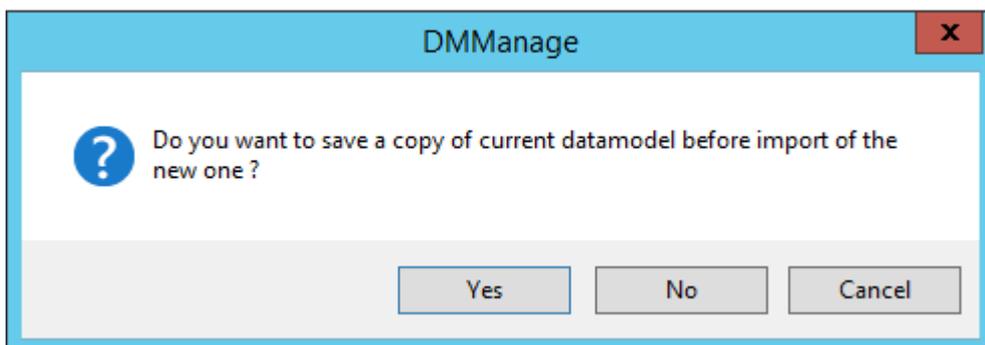

> ⚠ Descriptions are common to all environments.

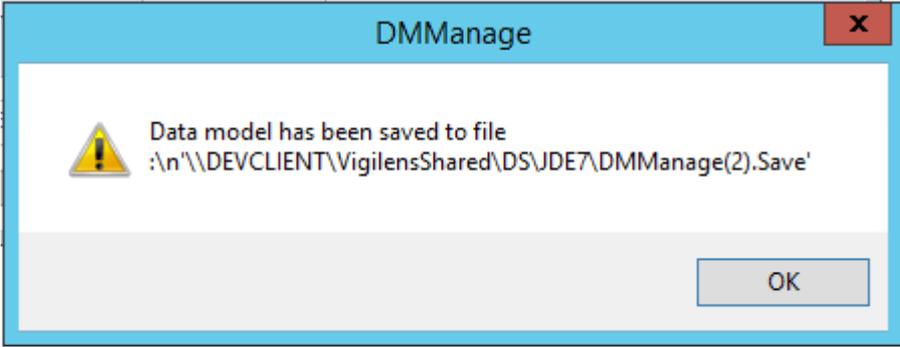

- The next screen asks for the .csv file to import, as well as the target language.

- Once the Import button is clicked, DMManage offers to save the current configuration.

DMManage   ✕

⚠ Data model has been saved to file
:\n'\\DEVCLIENT\VigilensShared\DS\JDE7\DMManage(2).Save'

OK
