Gestion des licences VIGILENS Designer et VIGILENS Viewer

Interface Designer

1licence Designer = 1 connexion à Vigilens Designer

Si toutes les licences Designer sont utilisée alors Vigilens vous propose une connexion en Viewer et dans ce cas 1 licence Viewer = 1 connexion à Vigilens Designer

Interface Admin Tools

1 seule connexion à la fois sans consommation de licence

Interface WEB

Si connexion via Vigilens Web alors

1 licence viewer = 1 Utilisateur Vigilens / 1 Navigateur

Si connexion via "ligne de commande" (exemple, menu JDE) alors

1 licence viewer = 1 appel

En cas de déconnexion non académique (crash machine, bug du Navigateur etc....) la licence Viewer sera libérée automatiquement au bout de X min (la valeur de X est paramétrable dans l'outils WebConfig).

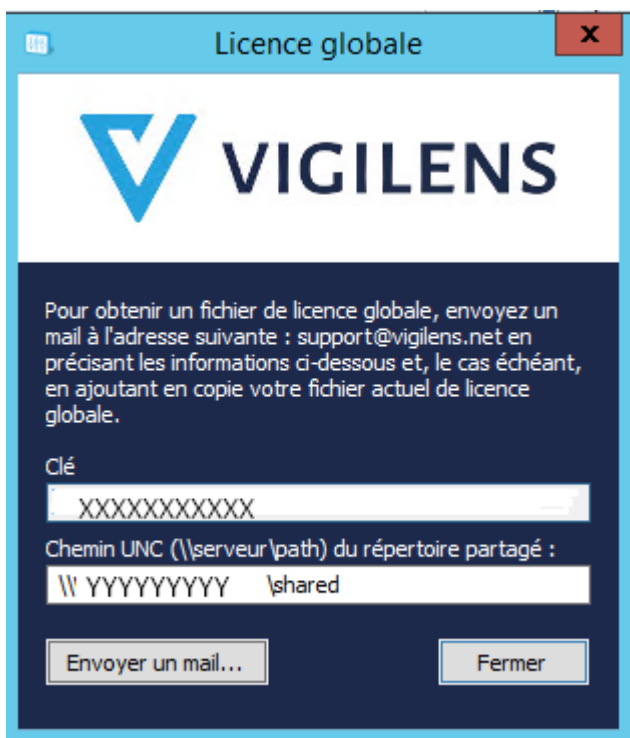

L'utilisation de Vigilens Web dans les EonePage et les CafeOne de JDE n'est pas encore validée.

Récapitulatif

Visualisation du contenu des fichiers de licence "LicenseGen.avs" et "LicenseGen.dat".

Obtenir / Mettre à jour

Une boîte de dialogue vous précisant la clé correspondant à votre licence globale est affichée. Saisir le chemin UNC correspondant à votre répertoire partagé et envoyer ces informations à l'adresse suivante **support@vigilens.net**.

Vous pouvez utiliser le bouton Envoyer un mail... si un client de messagerie est installé sur le poste ou si les informations correspondant au paramétrage mail (voir [le menu paramétrage mail](#)).

Sinon vous pouvez recopier la clé par copier/coller pour éviter les erreurs de saisie.

Vous recevrez en retour les fichiers "LicenseGen.avs" et "LicenseGen.dat" que vous devrez placer dans le répertoire partagé.

Edition

Menu classique copier/couper/coller.
